## **PROJECTS:**

### **Heating System:**

We are progressing with our efforts to upgrade the heating system. We are currently reviewing our three quotes.

### **Security Gate:**

Gate Operation:

A. The gate will open by passing your card within 12 inches of the card reader and will close when you have passed through with your vehicle. **DO NOT TAILGATE with the car in front of you..**

B. The card will also open the club house door and the inside range.

C. The gate will make the club much safer as it will record who is at the club and their arrival and departure time.

### **Range Officer:**

We have found it necessary to post a part time range officer who will be reviewing the range rules with new folks and some who may choose to ignore them. The primary issue is the trash that some people leave at the ranges. We have found target frames completely destroyed and left out on the range, cans, bottles, fruits and vegetables used as targets and left and the continuing issue of brass, steel and shot gun shells not cleaned up.

A word to the wise – If you want to continue to use the range please review the range rules before you shoot and pick up after yourself.

**Please respect and heed the advice of the range officer, we are just trying to run a clean, friendly and respectful club without implementing any unnecessary extra rules.**

## **SCHOLARSHIP PROGRAM:**

**Applications are now closed** for the 2012 season.

## **SAFETY:**

This is our club. Those of us who have been to or were members of other clubs know what an incredible gem we have here. Unfortunately, we live in a part of the country where most people do not understand our sport and would just as soon not have us here. We have the privilege to practice our sport safely in this country and the only thing that can stop us is US if WE are unsafe. That is why we are constantly stressing the importance of safety...for our club and our members, as well as guests and our neighbors. We take our rules very seriously, and we take all safety violations seriously as well. **Every one of us is responsible for the safety rules and the cleanliness of our club.** If you notice anyone behaving in an unsafe manner, call a cease fire, and explain to them what they're doing that is unsafe. Be polite about it, not confrontational. Get their name, if you can. Get their license plate number, and note the date and time of the offense. Then call a Board member ASAP. We have a ZERO TOLERANCE policy for safety violations. Violations can result in temporary suspension of membership privileges or permanent loss of membership privileges. We may also notify your license issuing authority, depending on the infraction.

BE FRIENDLY, COURTEOUS, SAFE -- SHOOT OFTEN AND BRING A FRIEND.

## **Range procedure during power outages:**

1. Do not go down range without personally calling a cease fire on all the outdoor ranges.
2. If you are the only one at the club, park your car in front of the 300 yard range with the lights flashing and your alarm siren on if you have one before going down range.
3. Do not use the inside range
