Fall Work Party

On Saturday, October 27th. We had a great turn out for the Fall work party. All ranges were cleaned, metal targets were constructed, wooden targets were refurbished, the indoor range backstops were replaced and the pot holes on the entry road were repaired. It all looks great and we've already received a number of compliments. Coffee, donuts and a great pizza lunch were provided and all who attended will be eligible for the \$500 drawing at the September 2013 meeting. THANK YOU to all who attended.

SAFETY:

This is our club. Those of us who have been to or were members of other clubs know what an incredible gem we have here. Unfortunately, we live in a part of the country where most people do not understand our sport and would just as soon not have us here. We have the privilege to practice our sport safely in this country and the only thing that can stop us is US if WE are unsafe. That is why we are constantly stressing the importance of safety...for our Club and our members, as well as guests and our neighbors. We take our rules very seriously, and we take all safety violations seriously as well. Every one of us is responsible for the safety rules and the cleanliness of our club. If you notice anyone behaving in an unsafe manner, call a cease-fire, and explain to them what they're doing that is unsafe. Be polite about it, not confrontational. You may also call a Board member.

BE FRENDLY, COURTIOS, SAFE -- SHOOT OFTEN AND BRING A FRIEND.**Range procedure during power outages:**

1. Do not go down range without personally calling a cease fire on all the outdoor ranges.
2. If you are the only one at the club, park your car in front of the 300 yard range with the lights flashing and your alarm siren on if you have one before going down range.
3. Do not use the inside range
