

Ames Rifle and Pistol Club Egg Shoot Results for 09/13/2015

The weather was overcast with temps in the high 60's and light winds. Thunderstorms were forecast, however, none developed and it turned out to be nearly ideal conditions. The 300 yard guys had some trouble seeing their 1/4" holes through some heavy mist (compressed by 42X scopes) midway through the match. For the first time this year all 10 classes of rifles competed as follows: (#eggs/#shots)

100 Yard 22 RF factory

1. Thomas H. 6/30

100 Yard Factory

1. Bob P. 15/15
