Egg Shoot Results June 11, 2017

Another beautiful day for an egg shoot, mostly clear skies, light winds and temps between 75 and 92 degrees. We decided to shoot the 300 yard match first in order to avoid potential major mirage as the air heated up, it worked. 20 folks signed up, we had 2 DNF and 18 folks shot in 24 events in 6 of the 10 available events.

* Winner determined by bulls-eye shoot-off.
