

Ames Rifle and Pistol Club
Egg Shoot Results – June 17, 2018

The day started out with bright sun at about 70 degrees and by noon it hit 91 degrees with an extremely challenging mirage. The folks shooting in the fourth relay at 300 yards could not see the targets. It was a very different match from the first relay to the last as reflected in the scores.. This is why we don't hold these matches in the Summer. 25 folks shot in 32 events in 8 out of 10 available classes with 10 folks in shoot-offs.

Scoring; (# Eggs/# Shots), (s/o) = Won by shoot-off., (ct) = Won by coin toss
